## PROJECT Gregg's, Penrith

### DESCRIPTION :

- Gregg's' new purpose designed bakery in Penrith.
- Provides a national centre for the manufacture of their Confectionery and Pastry products.
- Arctica and Lindum Construction worked together to provide Gregg's with a design and build solution for 3,000 m<sup>2</sup> of production, offices and amenities.
- Insurers required a fully sprinklered building, above and below the walk-on ceiling, with a fully charged wet system, a dry system in the freezers, and foamed water in areas with plastic trays.
